

r-NanoTech micron

Cloth is made from 67% recycled materials

Product Description

r-NanoTech micron is Vileda Professional's **durable and washable micronfibre cleaning cloth**. The cloth is made from **67% recycled** micronfibres made from 100% post-consumer plastic. With its superior cleaning performance it **removes up to 99.99% of viruses and bacteria** just with water. It saves energy, time and money. The cloths can be laundered and stored in a clean pre-preparation box without tumble drying for up to 72 hours. r-NanoTech micron allows streak-free cleaning with only one wipe on every surface such as stainless steel, plastic or ceramic. It is available in four colours.

Application area

r-NanoTech micron is a durable cloth made of superior micronfibre technology. It is ideal for **healthcare areas**, where a high level of cleanliness and hygiene are required. Beside this, r-NanoTech micron can be used in hygienic sensitive areas like canteens, hospitals and patient rooms.

The **four colour coding system** allows a differentiation of the cloth, which reduces the risk of potential cross-contaminations. This multiuse cloth is specifically designed for **daily laundering** and is ideal for the pre-preparation methods.

How to use

- ✓ r-NanoTech micron can be used dry, damp or wet
- ✓ Rinse and wring the cloth until desired moisture level required for the type of application and cleaning
- ✓ Fold the cloth three times and wipe the surface with the closed edge in the wiping direction
- ✓ Change cloth side when it has become dirty and apply 16 side technique
- ✓ Apply colour coding to avoid cross contamination

Washing Recommendation

- ✓ Recommended washing conditions: 60 °C
- ✓ Maximum washing temperature: 95°C
- ✓ Avoid high alkalinity and strong bleaching activity (do not use chlorine bleach)

Customer benefits

- ✓ Superior micronfibre cleaning power
- ✓ Up to 99.99% removal of viruses and bacteria tested at a 3rd party lab
- ✓ Tumble drying not needed - can be stored in damp condition after washing up to 72 hours
- ✓ Reusable & high washing resistance: up to 500 washes
- ✓ High absorbency
- ✓ Streak free cleaning
- ✓ Made from 67% recycled PES
- ✓ Colour coding system R/B/G/Y
